Citrikleen #561

Degreaser & Deoderizer

A 100% Organic liquid heavy duty degreaser for the removal of built-up deposits of food, grease, oils, gums, asphalt, petroleum, waxes, and tar residues.

A blend of naturally occurring organic degreasers, detergents, and emulsifiers for easy dilution with water. Excellent for the removal of food grease, oil, gums, asphalt, petroleum deposits, waxes, and tar residues. Quickly dissolves soils, allowing them to be rinsed free with water.

May be used for deodorizing and dissolving grease in lift stations, grease traps, rendering plants, etc. Cleans equipment, concrete floors, garbage trucks, and dumpsters. May be used to remove graffiti. This product may affect some plastics and paints. Pretest in a hidden area before using.

Physical Properties

Form.....................................................Liquid
Odor......................................................Citrus
Color...................................................Orange
Clarity....................................................Clear
Sediment................................................None
Stability................................................1 Year Min.
Cold Stability.........................................0 F
Boiling Point.........................................347F
Solids....................................................4.5
pH........................................................N/A
Specific Gravity.....................................0.84
Pounds/Gallon.......................................7.01

Areas of Use

- Restaurants
- Concrete Floors
- Graffiti
- Garbage Trucks
- Equipment
- Dumpsters
- Machine Shops

Applications

- Waxes
- Tar Residues
- Oil
- Petroleum Deposits
- Gums
- Asphalt
- Food Grease
